Homelessness Prevention - Other Risk Factors to be Used

For Homelessness Prevention activities, in Yes addition to HPRP eligibility requirements, are there other risk factors that will be used to determine eligibility and/or prioritization for homelessness prevention assistance?

If yes, identify the criteria to be used and provide a brief description, including how the criteria will be used (e.g. limited to only certain types of HPRP assistance or applied across all subgrantees and types of assistance) and rationale for why the criteria were chosen (limit 2500 characters).

Project: HPRP Reporting HPRP_011989

The Rhode Island HPRP Partnership defines "individuals or families at risk of homelessness" as a person(s) in imminent danger of losing their current housing who has not been able to identify other subsequent housing options or resources in order to avoid homelessness.

A Standardized Intake Assessment tool will be used by Sub-Recipient organizations to determine client eligibility. Criteria from this tool is listed below:

- -Will you become homeless within 2 weeks?
- -Are you currently being evicted or forced to move from your home or apartment?
- -Have you been without a place to live in the past 12 months?
- -Have you lived in a shelter in the past 12 months?
- -Have you moved 2 or more times in the past year?
- -Is your household behind on your utility bills?
- -Do you have consumer credit card dept in excess of \$5,000?
- -Are you currently unemployed?
- -Have you been unemployed within the last 12 months?
- -Are you between the ages of 18 and 25?
- -ls your household behind on your medical bills?
- -Do you or someone in your care have medical and/or behavioral health problems?
- -Have you or a household member been recently discharged from a health or mental health institution?
- -Have you or a household member been recently discharged from a prison or correctional facility?
- -Have you or a household member recently aged out of DCYF care?

The above criteria was chosen in consult with local providers and social service agencies.

HMIS Plan for Entering Data

Will beneficiary data be entered (or uploaded Yes at least quarterly) into a single HMIS at the grantee level in order to generate unduplicated data for "Persons and Households Served" questions in the QPR?

If yes, briefly describe the HMIS to be used and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

All HPRP funded agencies will be required to record real time data based upon services and clients in the Rhode Island Statewide HMIS, administered for HPRP by the Rhode Island Coalition for the Homeless(RICH).

The State has funded a new Data Collection position, who will coordinate and ensure timely and accurate data entry by all HPRP agencies. As an agency, they understand both the policies and technologies of the HMIS as well as the each of the funded activities and expected outcomes.

Data quality will be assured through the following methods:

On a daily, monthly and annual basis the HMIS system administrator and Rhode Island Housing staff members sample user data records for data accuracy. On an on going basis the system administrator checks against duplicated records by using the following methods:

- 1. Runs and reviews canned reports provided in HMIS software.
- 2. Runs and reviews custom reports provided in HMIS software.
- 3. Creates and runs custom reports provided by the Advance Reporting Tool (ART) software
- 4. Creates and runs scripts in order to more accurately detail missing orincorrect data.

Reports submitted will be compared to data shown in the HMIS to assure consistency.

On an ongoing basis the HMIS system administrator/trainer reviews Entry/Exit

data added to the system by using methods 1-4 listed above. Should issue arise

the System Administrator personally contacts the user entering the invalid

dates. Additional one-on-one training is conducted on-site should the user need

assistance. The system administrator reports to the HMIS steering committee

on entry and exit data quality issues for advisement.

HDDD Quarterly Performance Penert	Page 17	01/22/2010
HPRP Quarterly Performance Report	Page 17	01/22/2010

If no, briefly describe the HMIS(s) and/or other comparable client-level database(s)that will be used by one or more subgrantees and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

Authorizing Information and Certification

The Name of the Authorized Grantee Official should be the same as submitted in the HPRP Substantial Amendment, unless there has been a change.

Name of Authorized Grantee Official Noreen Shawcross
